## Milwaukes Jan. 21, 1856.

News of the Morning. The Washington is in with one day's later dates from Europe, but no special news. We have advices from the Plains in regard to Gen. Harney's expedition. Nothing new from Washington and little of interest from Madison. The trial of Mr. Noonan, P. M. of this city, for alleged violation of the Sub Treasury Act, resulted, yesterday, in his acquittal. Some items of domestic intelligence will be found under the telegraph head. The New York market continues to im-

#### CUMULATIVE PROOFS OF FRAUD. How the Bogus Covernor was Counted in.

We have already laid before our readers some particulars of the gross election frauds at Waupaces Falls, whereby not only was the aggregate vote increased several hundred above the legal yeze of the town, but the vote, as east (59 majority for Barstow) was falsely and fraudulently returned at 484, majority for Barstow. Another variety of villainy practiced by some of the more desperate instruments of "The Forty," to swell the Barstow majority, was the manufacture of no existence, where not a single vote had been east, and wherein few, if any voters yet reside. Four signal instances of this species of rascality have already been detected. We refer to Spring County, Gilberts Mills, Dunn County, and diet of Not Guilty. So ends this small attempts Town 25, Range, 10, Waupacea County. These at persecution. four "Supplemental returns" gave 278 majority for Baratow; all four were allowed by the State

to award him the certificate accordingly. These returns, as above said, were false and fraudulent throughout. No poll was held in deced that the Sentiacl was precisely right and either of the four, towns named, nor are there the District Attorney and the Wisconsin grossly in all four, a dozen legal voters all told. Let us in the wrong, in the statements they respective call the attention of our readers to the proofs of ly made as to the facts apon which the prosecuthese facts. Eirst as to Spring Creek, Polk tion was founded. We are quite cure that our County. The Argus undertook to make Mr. A. fellow citizens generally, who appreciate Mr. D. Ghay responsible for this precinct, to which Noonan's good qualities and efficient services a the Journal replies as follows;

"Hon. A. D. Gray, the representative of Polk, St. Croix, and several other north-west counties, informs us that he has never heard of such an election precinct in Polk County as Spring Creek. He pairs that he has understood that a third pre-cinct was opened in that county, but heard no such name as Spring Creek, and that no votes from any third precinct were returned from that county to the district canvass, for Assemblyman. The mere runor heard by Mr. Gray is sufficiently refuted by the positive tustiment, of the town

elerks of Polk county." We have already published the affidavits of the county and town Clerks of Polk county, showing that there was no such town as Spring Creek in the county, and no. election poll authorized or held anywhere else than at the two precincts canvassed and returned to the State officers at Madison. In addition to these proofs we have the following emphatic avowal in the last Hudson North Star, published in St. Croix County, ad-

that : That frauds have been committed, we do not "That frauds have been committed, we do not pretend to deny, frauds on both sides, but more particularly by the enemies of Barstow, with a view of defeating him. It is very apparent that all the frauds have been committed by county canvassers, and on the side of shanghaism, with one exception, and that is in the county of Polk. THERE IS NO SUCH PRECINCT IN POLK COUNTY IN POLK COUNTY, to our knowledge, as Spring Creek; and therefore the majority in Polk county should have been 43 instead of 120.

We take it that the most brazen partizan of Barstow will no longer pretend, in face of these | Pinery of the 17th inst. serves up the following proofs, that the Spring Creek return was anything else than a base and wholesale forgern .-Yet the State Canvassers allowed it, and obtained therefrom ninety-four of the one hundred and nity-seven official majority, whereby they "count

ed in" Mr. Barstow. We come next to Bridge Creek, Chippewa Co., where it was pretended that 120 votes had been east, giving 64 majority for Barstow. This was another wholesale fraud. There was no poll held there; there is but one voter living there. Read the evidence, as furnished to the Journal by a correspondent at La Crosse, writing under date of Dec. 28th:

I have just received the official convass of the State yesterday and have good reason to believe that, in the canvass for Governor, there has been a base fraud perpetrated. Chippewa county is returned 44 majority for Barstow, while the correct feturns are 80 majority for Baskford. My evidence is William J. Young, the Clerk of the

board of Supervisors of that county.

La Crossa County gave a majority of 49 for Bashford, but is thrown out. The Clerk of the Board here informs me that he sent it in thue, but it probably got delayed in the mail! These facts can be relied upon, and in regard to Chippewa county, the clerk informs me it was done in this way: The returns were aftered so as to show a vote of 120 in Bright Creek precinct 97 for Burstow and 23 for Bashford. There was no such election precinct in the county, and if there had been there are but two male residents in the town over 10 years of age, and one of these is not a voter! I have this from the Clork of the Board and you can rely upon it. There are doubliess other frauds as palpable and as outra-

The testimony of the Editor of the Ripon Spar (who was at Bridge Creek last fall) to the same effect, we published yesterday. Hero are 64 more bogus votes for Baretow; making with the Spring Creek fraud 158 votes, or one more than the declared "official" majority for the Pre-

tender Governor. But this is not all. Gilbert's Mills, Dunn county, is another illustrious example of political swindling. That was another "supplemental return," no doubt manufactured to order. It pur ported to give 30 majority for Barstow. It did not, in fact, give him or anybody else, a single role, no poli having been held there. Mr. Gilbere, the owner of the mills, a Barstow man, testifies that he meant to have a poil there, but finding that his men were all in favor of Bashford, he didn't think it would pay and so no pell was held. Here are 30 more-making 197 manufactured votes for Barstow-manufactured, unquestionsbly, pursuant to "orders from head-quarters," and allowed and counted by the State Canvassers! Ducca county, the scope of the grossest and most it seems, with dectoring the Wampacea Falls vote,

Lustly, we have Town 25, Range 10, in Wauunblushing frauds in the canvass. Not such a so as to make 484 majority for Barstow, where but 69 majority was given, some of the retainers of "The Forty," acting upon written orders from Madison, calling for "sixty more votes from Wanpacca county, cost what it will," got up this "supplemental resurn" from Town 25, Range 10, giv ing Barstow 76 majority! This too was purely bo gas. There was no poll authorized, or held in that town. There are no voters living therenot one. It was all fraud. Here then are 76 more, making in all 273 begus votes for Barstow, 157 majority

688 " " Here are six hundred and eighty-eight bogus votes, which were allowed and counted for Mr. Banstow by his political and personal friends, the State Canvagers. They at the same time rejected the Mukwa convast (fair and legal beyond dispute,) which gave Baseront 127 majority. They did not count La Crosso County, (49 or Bushford) alleging that no return, " supplemental," or otherwise, was received from therethough the Clerk of the County swears that the return was regularly made. They allowed Barstow kmore votes than he received in Sheboygan

the returns, or falsity in the canvass. But sec what is already shown : Hogus votes allowed Barstow, La Crosse County, thrown out, Mukwa Canvass, Sheboygan County, error,

If from this aggregate we deduct the ostensible majority, as officially declared, of 157 for State. It remains to be seen whether Fraud and Forgery can provail over the will of the Feople, the office to which they elected Cours Basing And it remains to be seen, too, whether the honest portion of the Democratic Press and sixty in this State will consent to assume the consibility for these attractions outget and thus six themselves parties to that worst crime that the gold consent to assume the constitution of the Democratic Press and sixty in this State will consent to assume the constitution of the Democratic Press and sixty in this State will consent to assume the constitution the founding to the consent the form of the Democratic Press and sixty in this State will consent to assume the consent the gold and silver to the foreign the consent to assume Burstow, we have an actual majority of seven hunagainst the genius of our Institutions, the majesty of the People and the peace, dignity and order of the State-wilful and debberate

frauds upon the Ballet Box. The indictment trumped up against our Post master, Mr. Noosan, for an alleged violation c "Supplemental returns," from towns which had the Sub Treasury Act, came to trial in the U. S. Court yesterday. A report of the proceedings will be found elsewhere. It will be seen that the Prosecution utterly failed to make out any case against Mr. Noonan, and the Jury, under Creek, in Polk County, Bridge Creek, Chippewa the instructions of the Court, brought in a ver-

We are authorised to say, in regard to the testimony of Mr. Thomeson, that the Defence Canvasars, and by such help they were enabled were prepared to prove that no such draft as he to declare Burstow elected by 157 majority and stated was ever presented by him, or paid by Mr.

Mr. A. argued this briefly. ter of the draft was relevant and proper. The offence charged was complete, without the use of a voncher at all. It did not rest upon the draft at all, but upon the paying out of bank bills instead of coin to a public creditor, in violation of law.

The Court held that no second.

Mr. Announ said that he so supposed, but he had been anxions, in view of the peculiar hature of the case and the character of the Indictment, ot up against a public officer, long in office, on mean, sinister and dishonorable metives, and designed to projudice that officer in the estimate of the sinistensial between the project of the project of the sinistensial between the contract of th

and designed to prejudice that officer in the estimation of the public—he had been auxious, he said, to lay the whole facts before the community. But, under the infimation of the Court, he would desist.

Mr. Ryan argued ingeniously and at some length, in contravention of the opinion of the Court. The Judge, however, reiterated, his rubing, holding that the draft itself, was essential to conviction under the Statute.

PORTLAND, JRE, 21, Overangling a Governon —In Supreme Court, this A M. Judge Davis decided that the recent appointment of a new sheniff for Cambool land Co., Maine, by Gov Wells, who had removed the old one, was illegal, under the resolve amending the constitution of the State, giving the people the power to choose sheriffs, judges and registers of the probate. The quistion came before the court on an attempt of the newly appointed sher iff to take charge of the court, and the Judge decided that the old one wis legally entitled. Assimilal decision has been given by Chief Justice. Taner, in Somerset Co., as relates to registers of probate. These decisions, if sustained by the full bench, render insgators all the recent appoint ments of Sheriffs and registers of the probate by Gov Wells in the place of persons it moved by him from these offices. The case goes to the full bench.
